

Bystander Intervention Training

“Ace’s Wingman: Bringing in the Bystander” training is a 2-hour training that provides students with an understanding of the culture of sexual assault on college campuses and provides participants with tools and techniques they can use to help prevent this and other negative behaviors on our campus.

ALL students are encouraged to take part in this important program and learn “What Would ACE Do?” to better the Stonehill community.

To sign up for a training contact [Kelly Treseler](#), Assistant Director of Residence Life.

Learn more or get involved now by following @WhatWouldAceDo on Twitter! Think you got what it takes to be like Ace? Tweet using #WWAD to share!
