Home Address: _____

The Curtis Lopes II Memorial Scholarship

This scholarship was established in memory of Curtis Lopes II, Class of 1982, who was an active participant in student government and community affairs during his four years at Stonehill College.

With his generous and altruistic spirit, he continually sought to enhance his hometown of Fairhaven, Massachusetts, instilling in others his own pride and sense of responsibility. He served as a board member of the Fairhaven Improvement Association, where he spearheaded fund-raising events to benefit his community and showcase the proud traditions, industry, and people of Fairhaven.

In recognition of what Curt Lopes achieved in his life, the **Curtis Lopes II Memorial Scholarship** will be awarded to an upperclass Stonehill student who has actively participated in community service and has a clear understanding of the need to help others. The recipient will be selected on the basis of academic record, financial need, and a short essay on the following topic:

Identify and describe a community service project in which you have been involved during the past two years. What was your role, and how were others helped?
