

## **SHARE Advisor Training**

The SHARE Advisors are specially trained Stonehill Staff members who are available to students who have either *experienced a sexual assault* or students who have *been accused of sexual assault*. SHARE Advisors:

1. Assist with emergency rape crisis treatment and emergency medical services including accompanying the survivor to the hospital, police, etc. as requested.
2. Assist, guide and support throughout the College disciplinary process and/or the criminal justice process should the survivor choose to pursue this course of action.
3. Assist in referring academic concerns such as missed classes and/or assignments, or changing sections.
4. Assistance in contacting community resources such as rape crisis centers, support groups, etc. if desired.
5. General support and assistance as needed. It is always the survivor who chooses which services she/he would like to utilize.

To contact a SHARE Advisor please contact the Counseling and Testing Center at 508-565-1331.

**SHARE Advisors NEEDED!**

**Are you a Stonehill employee interested in helping students in need? To learn about the SHARE Advisor training program please contact Pauline Dobrowski, Associate Vice President of Student Affairs at 508-565-1323.**
