DUAL ENROLLMENT REQUEST FOR COLLEGE CREDIT

If you are seeking college credit for courses you took while in high school you must submit an official college transcript listing the course(s) for which credit is sought, along with this form signed by the College issuing the transcript.

In order to be considered for credit, courses taken by high school students must meet all of the following conditions:

- The course was offered by a college whose accreditation is recognized by the Council for Higher Education Accreditation (CHEA), regardless of delivery method.
- The course was not offered as part of a college-in-high-school program taught by secondary school teachers with enrollment limited to secondary school students.
- The course was taught by a regular member of the college faculty.
- The course was offered as part of the College’s regular curriculum, is published in their catalog, and is also available to their regular college degree candidates.
- The course is worth at least three semester-hour credits or four quarter-hour credits.
- The course was comparable in nature and content to courses offered at Stonehill.
- The student received a grade of “C” or above in the course.

You must also provide the Stonehill Registrar’s Office with a course description taken from the issuing college or university catalog.
