

# HEALTHCARE ADMINISTRATION

One of the few undergraduate programs in the country fully certified by the Association of University Programs in Health Administration, our Healthcare Administration program combines courses focused on core skills with in-depth internships and a solid liberal arts foundation.

The program provides students with a solid foundation in the leadership, managerial and methodological skills that drive our healthcare system. Our Healthcare Administration majors find work in hospitals, long-term care and assisted living facilities, home care and hospice organizations, managed care organizations, public health agencies, and planning and consulting firms as well as international service organizations.

## GRADUATE/PROFESSIONAL SCHOOL STUDIES

Places where Stonehill graduates have recently attended a full- or part-time graduate program include:

- Bryn Mawr College
- Duke University
- Fordham University
- Harvard Medical School
- Massachusetts College of Pharmacy and Health Sciences
- Northeastern University
- Simmons College
- Suffolk University
