## Is the student a danger to self/others AND/OR is the student in immediate need of assistance for any reason?

#### SITUATIONS REQUIRING IMMEDIATE ASSISTANCE

YES The student is at immediate risk of harming self or others, is incoherent or unresponsive, is in extreme distress, or is causing extreme distress to others. I do not feel comfortable with the student being alone. Or, I have significant concerns about this student and cannot determine if they are at imminent risk.

#### SITUATIONS REQUIRING ASSISTANCE

NO This is not an emergency, however, the student is showing signs of distress and the issue is impacting multiple areas of the student's life. I am concerned about them and want to get them more help soon.

Consider the nature of the student's distress and context-appropriate resources for consultation. Assist

the student in connecting with the 24/7 Support Line through Counseling Services (508-565-1331, Option 2). Seek referral or consultation with Student Affairs or Academic Services & Advising. See the Resources chart included in this guide for additional support. Submit a Needs Assessment Team referral. When in doubt, if you feel the situation is an emergency or can't wait, call SCPD dispatch at 508-565-5555 to consult.

#### SITUATIONS YOU CAN HANDLE

NO I'm not concerned for the student's immediate safety, but I believe they are struggling with academic and/or personal issues and could benefit from some additional support.

Refer to appropriate resources. Encourage the student to set up an appointment or assist them in

doing so. See the Resource chart. Submit a Needs Assessment Team Referral Form and/or Academic Intervention Form, depending on the situation.

#### WHAT'S NEXT?

- Reflect on your own boundaries, self-care and support needs.
   Utilize colleagues, supervisors and department heads for
   consultation and collaboration. Consult HR for information on
   professional development, wellness programs and employee
   assistance options that are available to support faculty/staff.
- Consider your status related to campus security requirements and if there are any Title IX- or crime-related reports you must file.
- Report students of concern to the Student Affairs Needs
   Assessment Team by filling out an online referral form or
   calling 508-565-1363. While in your role respecting privacy
   is required under the Family Educational Rights and Privacy
   Act (FERPA), consulting about academic, safety, health and
   wellness concerns is allowable under FERPA.
- Circle back with the student after referral to a support resource to check in.
- Understand that due to privacy regulations it may not always be possible for other campus resources to provide you with detailed information after a student referral.
