

Resource Guide for Survivors of Sexual and Gender-Based Misconduct and Interpersonal Violence

This guide has been prepared by Title IX, Health and Wellness, Counseling Services, and Community Standards. As you read through this guide, please note that some on-campus and off-campus resources are listed as **CONFIDENTIAL**, while others are described as **PRIVATE**.

Private means that information related to a report of sexual or gender-based misconduct will be shared with a limited circle of College employees who “need to know” in order to assist in the assessment, investigation, and resolution of the report. All employees who are involved in the College’s response to reports of violations of this policy receive specific training and guidance about sharing and safeguarding private information in accordance with state and federal law.

Confidentiality exists in the context of laws that protect certain relationships, including with medical and clinical care providers, mental health providers, counselors, and ordained clergy, all of whom may engage in confidential communications under Massachusetts law. The College has designated individuals who have the ability to have privileged communications as “Confidential Employees” and those resources are indicated below.

Immediately following a sexual assault incident, it is highly recommended that survivors get to safety, alert authorities, and seek medical attention as soon as possible.

Options for Reporting

1. **Report to the College**
2. **Report to law enforcement (Campus Police, Easton Police, or another jurisdiction)**
3. **Report to both the College and law enforcement**
4. **Make an Anonymous Report:** Students who wish to anonymously inform the College of gender-based misconduct may file an incident report online through the College’s Sexual Misconduct and Title IX web page. The information provided to the College in this manner will only be used for Clery Act data collection and will be kept confidential. While the College will investigate anonymous reports in accordance with federal law, anonymous reports may significantly limit the College’s ability to conduct an effective investigation.
5. **Take No Action:** Students have the right not to file a report, yet they are highly encouraged to seek medical attention and counseling. Students who wish to report at a later date may do so by utilizing any of the options above; however, please note that a delay in reporting could inhibit the College from stopping harassment/discrimination, remedying its effects, and preventing recurrence as well as potentially weakening evidence that could be useful in determining whether prohibited conduct occurred.
