## COMMENCEMENT TRADITION AND REGALIA

Academic dress forms part of an educational tradition which traces its roots to the centers of learning in Europe during the Middle Ages. Commencement regalia symbolize dedication to scholarship and the pursuit of knowledge.

Although the degree of Bachelor of Arts was first conferred in America in 1642 at Harvard College, it was not until 1895 that an intercollegiate commission established formally a suitable code of academic dress for colleges and universities of the United States. Since its inception, the code has remained essentially the same and provides for three items of academic apparel:

**CAP:** When worn, the traditional mortarboard cap should be level. It should not be pushed to the back or side of the head. Graduates wear the tassel on the right side and move it to the left when their degree is conferred.

**GOWN:** The bachelor's gown is black with pointed open sleeves. The master's gown is also black and has oblong-shaped sleeves with wrist openings. While usually black, the doctor's gown can be in the color of the institution awarding the degree. The doctoral gown has bell-shaped sleeves and velvet panels and sleeve chevrons.

**HOOD:** The hood is the means by which the degree and the institution awarding the degree are readily recognized. The size and shape emphasize the degree level. The doctoral hood is the largest and is followed by the master's and the bachelor's.

**HOOD COLORS:** At Stonehill, the hood is adorned with the College's official colors - purple and white. More traditionally, the colors that border the hood represent the field of study in which the degree was taken. White is associated with the arts, golden yellow with science, and mustard with business administration. Red is associated with theology, blue with philosophy, purple with law, light blue with education, and drab with master of science in accountancy.

**MACE:** Another important symbol at Commencement ceremonies is the mace or staff. Carried by a faculty marshal, the mace is a symbol of power and authority. Bearing the mace, a faculty marshall leads the Commencement procession.

**SEAL:** The College's official seal depicts the **book** and the **star** to symbolize **the light of truth**, while the **crossed anchors** signify **hope**. **Lux et Spes**, the three Latin words that appear on the seal, represent the College motto: Light and Hope. The **cross** and **anchors** on Stonehill's seal are also dominant elements on the seal of the Congregation of Holy Cross, the College's founding religious community. The motto of the Congregation of Holy Cross is **Spes Unica**, or **Our Only Hope**.

# The Philip L. Hemingway, Sr. Awards

---

*The Philip L. Hemingway, Sr. Award is granted annually in recognition of exceptional academic achievement. Mr. Hemingway was one of the true pioneers in the field of motor transport and one of the most distinguished architects of the motor trucking industry. His intimate and generous involvement with Stonehill College from its foundation to his death in 1979 has endured for many years through the generosity of Mrs. Bernadette Hemingway.*

## Queen of the Summit

Queen of the sum-mit, light and hope sur-round you,  
Star on the hill-side, our an-chor and our stay,  
Queen of the sum-mit, in la-bor and in love,  
Watch o-ver us from a-bove;  
Watch o-ver us in your love.

## Awards & Notations

### MOREAU HONORS SCHOLARS

The Moreau Honors Program offers selected students from all disciplines an enhanced, challenging curriculum as well as enriching co-curricular activities. Those students who have satisfied the Honors Program's rigorous requirements are recognized today as "Moreau Honors Scholars." As they process forward to receive their diplomas, they will be vested with a bronze medallion supported by a purple ribbon.

### LAMBDA EPSILON SIGMA

Stonehill Honor Society that recognizes academic accomplishments and fosters scholarly activities. Members selected from all major areas of concentration on the basis of academic accomplishment.

### DEPARTMENTAL HONORS

The following departments have established criteria by which students are able to earn departmental honors: Biochemistry, Biology,

Chemistry, Communication, Computer Science, Economics, Environmental Science and Studies, Philosophy, and Political Science and International Relations.

### NOTATIONS

This program should not be considered an official listing of graduates. Late changes to this listing are inevitable, particularly in the determination of honors distinctions. On occasion a student may be allowed to process before the actual completion of his or her graduation requirements have been assured. The official Stonehill College transcript, sealed and signed by the Registrar, is the only conclusive testimony of a student's academic record and possession of degree(s) awarded by Stonehill College.
